EDUCATION

VIT Bhopal University

Bachelor of Technology (B.Tech) in Computer Science

Bhopal, India

September 2023 - May 2027

DAV KALISINDH THERMAL PUBLIC SCHOOL

Senior Secondary Education (Class 11 & 12)

Rajasthan, India

June 2021 - May 2023

SKILLS SUMMARY

- Programming Languages:** Java, Python, C++, JavaScript
- Frameworks & Technologies:** Spring Boot, REST APIs, Node.js, Express.js, React.js, MongoDB, MySQL
- Soft Skills:** Excellent Communication, People Management, Team Collaboration, Problem Solving
- Core CS Concepts:** OOPs, DBMS, Operating Systems, Computer Networks
- Spoken Languages:** English, Hindi, Japanese (Intermediate)

WORK EXPERIENCE

INTERN | CollegeTips.in

January 2024 - March 2024

- Handled diverse creative tasks including poster design, video editing, and content writing on various topics.
- Implemented process improvements and automation solutions, resulting in **15% productivity increase**.
- Produced **18+ comprehensive reports** and presentations summarizing findings and recommendations, facilitating clear communication with stakeholders and driving actionable outcomes.

PROJECTS

E.A.S.Y (Enabling Accessible Smart-Health for You) | [Link](#)

February 2024

- Developed a comprehensive healthcare platform to track patient vitals via IoT devices, generating instant health reports and automating emergency alerts and medication reminders.
- Awarded **1st Place out of 200+ teams** at the **Code Verse Hackathon 2025** for building an innovative, full-loop accessible smart-health solution.
- Built and deployed a robust backend using **Node.js, Express.js, and MongoDB**, integrating seamlessly with a React.js frontend and Telegram chatbots for real-time care communication.

E.L.L.E (Environmental Lens for Liquid Evaluation) | [Link](#)

October 2025

- Engineered a full-stack environmental monitoring platform using **Next.js 14 and Python (Flask)**, integrating a **YOLOv8 AI model** to automate microplastic detection with **90.9% accuracy**.
- Architected an IoT hardware bridge (Node.js, MQTT) for real-time sensor telemetry that reduced CPU usage by 70%.

SehPaathi (AI Exam Assistant) | [Live](#)

May 2026

- Built and deployed a **full-stack AI educational web application** on Stream lit Cloud, featuring intent detection, multi-turn chat, and a **dynamic study planner** for personalized, day-wise schedule generation.
- Engineered a robust PDF analysis pipeline utilizing **the Gemini Files API** with automatic state polling, enabling an **interactive Q&A interface** over user-uploaded documents and external URLs.
- Architected a secure, multi-module application with **persistent session state management** across three independent tools (Chat, Planner, PDF Analyzer) and secure API key handling via environment secrets.

CERTIFICATES

The Bits and Bytes of Computer Networking (Coursera) | [CERTIFICATE](#)

November 2024

- Completed in-depth training on core networking protocols and models, including TCP/IP, DNS, DHCP, and the OSI model, with a focus on data flow and communication layers.
- Explored network architecture and services, gaining insight into LAN/WAN design, VPNs, and cloud-based networking environments.
- Acquired expertise in procedural programming paradigms and associated logical concepts, enhancing capabilities.

AWS Certified Cloud Practitioner (CLF-C02) Practice Question Set | [CERTIFICATE](#)

September 2025

- Completed AWS Cloud Practitioner preparation covering cloud fundamentals, AWS core services, security, pricing, and cloud architecture concepts.

LEADERSHIP & RESPONSIBILITIES

- Technical Innovator Coordinator, Unnat Bharat Abhiyan (VIT Bhopal):** Driving technical initiatives and managing tech-driven community projects.
- Technical Lead, Maro Rajasthan Club:** Directing the technical wing and digital presence for the university's largest student club, previously organizing events for **300+ participants**.
